

### 'People, Places, Ideas' To Be Theme of Art Show

#### VAN SEZ:

SEZ:  
Did you know that a pound of feathers weighs more than a pound of gold. The difference is in the type of weight used. There is a difference in carpet weights, too. This difference in weight causes a difference in the life of your floor covering . . . and conversely, causes a difference in price. To get the facts on this call us . . . today!

"People, Places, Ideas," the third annual Torrance Art Group membership show, will open at the Benstead Plunge, 3331 Torrance Blvd., Friday, March 6, at 7:30 p.m.

Following a one-hour reception for exhibiting artists, during which time members will vote for favorites in each category, the show will remain open to the public until 10 p.m. that evening.

Other showings are scheduled for Saturday and Sunday, March 7 and 8 from 2 to 5 p.m.; Friday, March 13, from 7:30 to 10 p.m.; and Saturday and Sunday, March 14 and 15 from 1 to 5 p.m.

Throughout the show, background music will be tape-recorded by the South Bay Torrance Symphony Orchestra and printed catalogues, designed by Dorothy Sutton, will be distributed. Centerpieces will be furnished by the Terrace Garden Club and the Beau Jardin Club. Torrance Junior Women's Club will serve as hostesses Sunday March 8 and Sunday

### School District To Apply For Surplus Plot

Torrance Unified School District will apply for a 45-acre plot of surplus property on the southern edge of the Torrance Naval Annex for possible future use as a school site, the Board of Education decided Friday night.

Local officers were informed last week that an irregularly shaped parcel of land at the south end of the depot has been declared surplus and is being offered for use of schools or other similar institutions. Price of the property presumably would be considerably cheaper than comparable land nearby because it is surplus property.

Although they have not had time to study and explore the matter to any great extent, school officials said the site might be suitable for a fifth high school, the possibility of which has been discussed recently by the board. The district must act quickly, however, if it is to be eligible for the property, the board was told.

School Superintendent J. H. Hull was authorized to deal with the government and to make application for the land, an irregular-shaped plot located between Crenshaw Blvd. and Orange Ave., somewhat south of Washington St.

Officials said that while further study of the property would be needed, the schools would be in line if it is usable.

### Students Hear Talk by Alumnus

A former Torrance High student returned to his alma mater last week to give a talk to a class taught by his former instructor.

Peter LaRosa, whose hobby is collecting facts and studying about the Civil War, returned to Wesley Peterson's American history class to tell the students about it.

A bank employe now, LaRosa was a student in Peterson's class at the time he attended Torrance High.
